

BFSI Knowledge Base (FAQs)

Banking Services

Q: How can I open a new savings account?

A: To open a new savings account, you typically need to visit a branch with valid identification (e.g., Aadhar card, PAN card, Passport) and address proof (e.g., utility bill). Some financial institutions also offer online account opening processes, which may require video KYC verification.

Q: What are the requirements for a personal loan?

A: Personal loan requirements usually include a stable income, good credit score, and minimal existing debt. Documents often required are identity proof, address proof, income proof (salary slips, bank statements), and employment proof. Eligibility criteria vary by the institution.

Q: How do I report a lost or stolen debit/credit card?

A: Immediately report a lost or stolen card by calling Our Bank's 24/7 customer service hotline. You can also block your card through the mobile app or internet banking portal. After blocking, you can request a replacement card.

Q: What is the maximum daily ATM withdrawal limit?

A: The maximum daily ATM withdrawal limit varies by account type and institutional policy. It is usually between INR 10,000 to INR 50,000 for savings accounts. You can check your specific limit via the mobile app, internet banking, or by contacting customer service.

Q: How can I update my KYC (Know Your Customer) details?

A: KYC details can be updated by submitting fresh identity and address proofs at your branch. Some institutions allow partial updates online or through their mobile app for existing customers.

Financial Services (Investments & Loans)

Q: What is a Demat account and why do I need one for stock trading?

A: A Demat (Dematerialized) account holds your shares and securities in electronic form. It is mandatory for trading in the stock market as it facilitates the electronic transfer of shares when you buy or sell them.

Q: How do I apply for a home loan?

A: To apply for a home loan, you need to submit an application form along with KYC documents, income proofs (salary slips, IT returns), bank statements, and property documents. The financial institution will assess your eligibility based on your income, credit score, and property valuation.

Q: What is SIP (Systematic Investment Plan)?

A: SIP is an investment method where you invest a fixed amount regularly (e.g., monthly) into a mutual fund scheme. It helps in rupee cost averaging and encourages disciplined investing, allowing you to benefit from market fluctuations over time.

Q: What are the tax benefits associated with investing in ELSS?

A: ELSS (Equity Linked Savings Scheme) is a type of mutual fund that offers tax benefits under

Section 80C of the Income Tax Act, 1961, allowing deductions of up to INR 1.5 lakhs per financial year. It also has a lock-in period of 3 years, which is the shortest among 80C investments.

Insurance Services

Q: What is term insurance and who should buy it?

A: Term insurance is a pure life insurance plan that provides financial coverage to your nominees for a specific period (term). It is recommended for individuals with financial dependents as it offers a high sum assured at a relatively low premium, ensuring financial security for your family in your absence.

Q: How do I file a health insurance claim?

A: For cashless claims, inform the insurer/TPA within 24-48 hours of hospitalization (as per policy terms) and present your health card at the network hospital. For reimbursement claims, pay the hospital bills, collect all original documents, and submit them to the insurer/TPA within the specified timeframe.

Q: What factors affect my car insurance premium?

A: Several factors influence your car insurance premium, including the car's make and model, age, city of registration, engine capacity, type of fuel, Insured Declared Value (IDV), No Claim Bonus (NCB), and any add-on covers chosen.

Q: Can I port my existing insurance policy to another insurer?

A: Yes, you can port your health insurance or car insurance policy to another insurer at the time of renewal. This allows you to retain benefits like No Claim Bonus (NCB) and waiting periods while switching to a better plan or service provider.

Q: What is the difference between ULIP and traditional life insurance plans?

A: ULIP (Unit Linked Insurance Plan) offers a dual benefit of life cover and investment, with premiums invested in market-linked funds. Traditional life insurance plans (like endowment or money-back) primarily focus on providing life cover and assured returns, with less market exposure.
